

Letter of Invitation – Active Member of ArtbPeditric
ASOCIAȚIA ROMÂNĂ A TERAPEUȚILOR BOBATH - PEDIATRIC

Dear colleagues,

ASOCIAȚIA ROMÂNĂ A TERAPEUȚILOR BOBATH - PEDIATRIC (*in English language: ROMANIAN ASSOCIATION OF BOBATH - PEDIATRIC THERAPISTS*) - ArtbPeditric - association registered in the Register of Associations and Foundations under number **1642/A/2025**, tax identification code (TIN) 5215573 with registered office in Romania, Bucharest, 5th District, (•),

it aims to build a professional, engaged, and active community in promoting the Bobath concept in Romania. To achieve this in a sustainable and coherent manner, we intend to form an internal team of active members who will join the efforts in organisation, communication, and professional representation.

We invite you to become part of this team.

Participation as an active member involves:

- Supporting one or more micro-tasks (for example: promotion, logistical support, communication with course participants, content creation etc.);
- Attending regular meetings (online or in person), once every 4–6 weeks;
- Contributing to the development of the Bobath community in Romania, together with other passionate colleagues.

In return for your involvement, active members:

- ✓ Will be exempt from annual membership fee
- ✓ Will enjoy all the rights and benefits of Association members (including priority access to courses, access to resources, professional promotion etc.);
- ✓ Will be publicly recognised on the website and in the official communications of ArtbPeditric;
- ✓ Will have opportunities for internal training, participation in events, and co-authorship in educational projects.

This is a sincere and concrete way to support each other within a professional and respectful framework.

If you feel that this role suits you and you wish to grow together with us, please write to us by [_____] (date).

We will organise a brief introductory meeting to present and get to know the team.

With gratitude and enthusiasm,

Alina Andreea Preda,
President of ArtbPeditric
